We Shine Together

Thank you for taking the time to consider applying for a position at Anns Grove Primary School. We think that Anns Grove is a great place to learn and work. Ours is a warm and welcoming community school where the children are always at the heart of everything we do. Our school vision centres on enabling all our pupils to thrive.

Anns Grove Primary School is a successful, over-subscribed and expanding primary and nursery school with approximately 425 pupils, serving a fantastic multi-cultural community in Heeley, Sheffield. Our facilities for pupils include full Forest School provision, floodlit sporting facilities, a climbing wall, class gardens, school beehives and even a therapy dog!

At Anns Grove, our classrooms are led by compassionate, enthusiastic, and highly skilled educators who value the development and wellbeing of each child in their care. We cherish and appreciate the distinctiveness of each

of our children and strive to assist them in growing confidently and flourishing in their unique identity.

Our rich, broad curriculum allows children to develop the necessary knowledge and skills to achieve the best possible outcomes, fulfil their potential and move on to the next phase of their education as successful learners. All of this is built on the strong foundations of experiencing positive and caring relationships which provide them with a true sense of belonging to the school community. As

a result, behaviour at Anns Grove is excellent.

Our aim is to ensure that our children will leave Anns Grove not only having achieved their full potential academically, but also leave prepared to take on responsibility for their own learning and ready to use their talents for the good of others.

Our staff are our greatest resource and we go the extra mile to promote staff wellbeing and ringfence the right kind of work-life balance. We offer an exceptional package of professional development and a team of talented staff members to support you.

We are very proud of what we do each day. We look forward to welcoming you.

Mr Neil Miley
Chief Executive Officer

Mercia Learning Trust is a great trust with a clear mission, robust schools and effective central functions. We have a strong identity, a positive culture, and an effective model of operation.

Our scale and location enable us to function as a close-knit network and family of schools and professionals. While we are pleased with our current position, our trustees are ambitious for further development and improvement.

Our trust is focused on creating organisational health. This is rooted in ensuring there is clarity for all staff on our purpose. We achieve this through answering a series of simple questions that define our mission and how we will work together to achieve our mission.

The first question we answer is ‘Why do we exist?’

Our answer to this question is simple, yet profound:

‘To empower everyone in our communities, especially the most disadvantaged, to succeed.’

We know that education is the key to a better future for everyone in our communities. It opens doors to employment, improves health and gives young people a sense of purpose.

But for many pupils, there are barriers in their way. Our job, alongside families, is to remove those barriers and provide the support, challenge and guidance children need to achieve.

If we get it right for our pupils, we help to improve our local and national community for everyone.

The second question we answer, is ‘How do we behave?’. This question defines the values we expect everyone in our community to display. These are:

Kindness - showing care and supporting one another

Integrity - doing the right thing and always putting children first

Diligence - overcoming obstacles and having no excuses

These three core values should permeate everything we do. They represent three key areas: how we behave and work with each other – we are kind; our moral compass – we show integrity; and our approach to our work – we are diligent.

We are proud that our schools are inclusive, warm, and welcoming places where all pupils feel happy and safe.

"our schools are inclusive, warm, and welcoming places"

They are schools where exceptional behaviour and kindness are the norm, and where pupils are diligent and succeed. They are also schools where staff are focused on the most vulnerable pupils, ensuring they are empowered to be successful.

The third question we answer is ‘What do we do?’. This might sound like a straightforward question, but it is important we are clear on our approach.

Academic Excellence - equipping every pupil with the knowledge and skills they need to succeed.

Cultural Capital - broadening horizons and providing experiences that enrich and inspire.

Character Development - developing resilience, empathy, integrity and other critical character traits, to prepare pupils for life beyond school.

Through these key areas, we make sure all children have the opportunity to lead successful and happy lives.

Our fourth question is ‘How will we succeed?’. This question defines the areas we all focus on, as a team, to make sure all our schools are successful.

"a culture of purposeful collaboration"

Firstly, we want a **culture of excellence – high standards, shaped by clarity, not control.**

To achieve this, our trust operates within a model we call ‘Aligned Autonomy’. This model recognises each school has its own context and community. We want schools to innovate and drive success for their pupils, but to also share what they develop with other schools. This helps to reduce workload and to improve the education of all our pupils.

Secondly, **we promote a culture of purposeful collaboration.**

We recognise our leaders and staff often face similar challenges, and we ask them to work together to find common and scalable solutions. However, we also don’t want to add unnecessary burden and workload, so only collaborate when the purpose is clear.

Finally, we want all our schools to have a **strong academic focus**, which means empowering all children through an exceptional curriculum.

"empowering all children through an exceptional curriculum"

Our academic focus is the cornerstone of our mission. By delivering an exceptional curriculum, we provide every child with the knowledge, skills, character development and cultural capital they need to succeed. This focus is about creating a love of learning that lasts a lifetime.

To achieve our mission, we employ a diverse and exceptional staff across the full range of teaching, non-teaching, and leadership roles.

We are acutely aware that our staff are our greatest asset. We cannot prosper as schools or a trust, and fulfil our mission for children, unless we can recruit, develop, promote, and retain the very best people.

We also understand the importance of attracting new entrants into teaching.

Therefore, we are a substantial provider of Initial Teacher Training and provide fantastic support for early career teachers.

We understand that working within schools is rewarding and fast moving, but also demanding.

We promote ethical leadership to ensure strong support and professional development, coupled with a commitment to wellbeing and maintaining a healthy work-life balance.

"our staff are our greatest asset"

Working for our trust also offers the opportunity to reside in the vibrant city of Sheffield, renowned for its sports, leisure, and cultural activities. Sheffield boasts more parks, open spaces, and trees than any other city in the UK. Additionally, the picturesque Peak District National Park borders the west of the city.

We welcome applications from those who subscribe to our mission and values, and in turn we commit to being a trust where staff can prosper, flourish and build their career.
